User Instructions For Requesting Transportation

Datadrive.net

Introduction

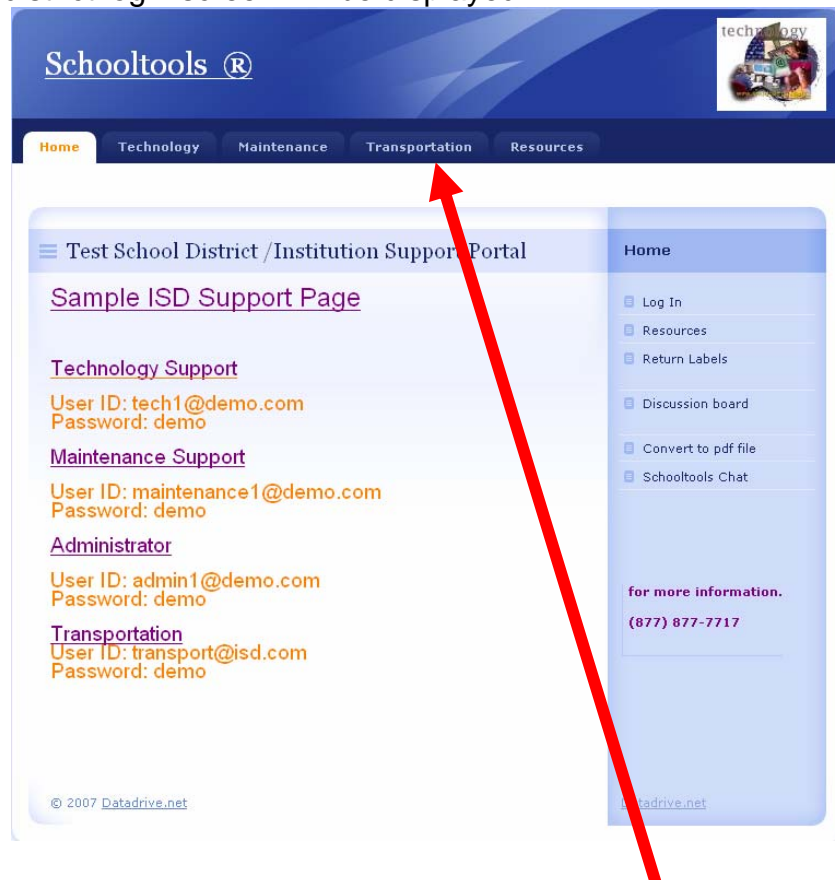

This instruction manual is designed to assist users of School Tool's Transportation Module request transportation for field trips and extra curricular purposes. The steps to request transportation are outlined in this manual.

Users should refer to campus and district regulations for requesting transportation. Question should be directed to campus administrators, transportation personnel, or district administration.

Request Trip Transportation

The Transportation Module may be used to request transportation for non route use. This includes Co-curricular, Extracurricular, Career and Technology, and other types of trips authorized by your district. To request authorization for transportation, a user will login to the district's School Tools page. The School Tools page is located at <http://school.district.datadrive.net>

The following district login screen will be displayed.

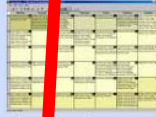

To request transportation the user will click on the  button in the links at the top of the page. The following page will be displayed.

Enter the email in the form and click [Next](#).

The next screen will depend upon the registration status of the user.

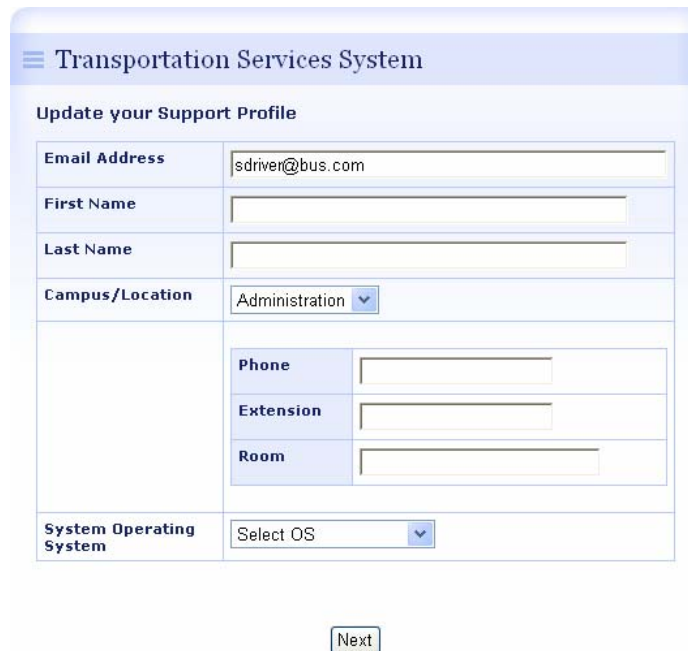

New Users

If you are not a registered user the following screen will appear prompting you to set up a user profile.

The screenshot shows a light blue header with a hamburger menu icon and the text "Transportation Services System". Below the header is a white box with a blue border containing the following text: "Thank you for using Test School District /Institution Support Tools Page. Help us to better serve you by creating your personal support profile. You need to create this profile initially and update it only as needed. To continue, Click [Click Here.](#)" and "Thank you Test School District /Institution Support team." A red arrow points from the "Click Here." link to the "Click Here." link in the text below.

Click the [Click Here.](#) link to bring up the registration screen.

The screenshot shows a light blue header with a hamburger menu icon and the text "Transportation Services System". Below the header is a white box with a blue border containing the following text: "Update your Support Profile". The form has the following fields: "Email Address" (text input with "sdriver@bus.com"), "First Name" (text input), "Last Name" (text input), "Campus/Location" (dropdown menu with "Administration" selected), "Phone" (text input), "Extension" (text input), "Room" (text input), and "System Operating System" (dropdown menu with "Select OS" selected). Below the form is a "Next" button.

Complete all the information and click [Next](#) to update the information.

Campus/ Location Dropdown

This dropdown allows you to select the campus or location where you are based.

It is important to enter accurate information in this area to route transportation requests to the proper authorizing administrator.

All district authorized campuses and locations will be listed in the dropdown.

System Operating System

Select the type of Operating System used by your computer. This information may be necessary to resolve problems if they arise. Operating systems include all types of Windows systems, MAC, Novell, and others.

After clicking NEXT the following screen will appear.

Transportation

- Log In
- New Request
- Request Status
- Email to Transportation
- Application Manual
- Resources
- Return Labels
-  Trip Calendar

The list of requested trips is displayed.

- The status of each of these trips is identified.
- There are two levels of approval for trips requests.
- These are the Campus level and the District Transportation Level.
- A request is labeled as pending until it is approved or denied.
- A trip must be approved at each level before the trip takes place.
- The requestor will receive an email when the request is approved, denied, or more information is required.
- When a trip has been approved at the campus and district levels the requestor may print the request ticket to be used for recording the mileage of the trip.

To print the trip request click on the Print  button,

The approved screen will appear for printing.
